

12 volt LiFePo4 battery pack

Rated Voltage	12.8 V
Rated Capacity	100 Ah
Energy	1280Wh
Maximum Charge Current	100A
Discharge Cut-Off Current	500 A \pm 50 A (50 ~ 200 ms)
Max. Continues Discharge Current	100 A
Peak Discharge current	300A
Approx. Dimension L*W*H	329 x 172 x 223 mm
Weight(Approx.)	12.5 kg
Housing material	ABS

Application:

- Large-scale electric vehicles: electric bus, electric car.
- E-bike, e-scooter,e-motorcycle, electric golf cart, e-wheelchair
- Solar power generation energy storage devices, Telecom base Station
- Medical equipment and portable equipment
- Solar energy storage, solar street light, UPS, ESS.
